

Umatilla County Public Works Department is requesting quotes for drilling and blasting of the Ransier pit North of I-84 at the intersection of Stage Gulch and Wells Station Roads. The project will consist of 15,000 C.Y. of solid material; holes should be 3.5” in diameter drilled on 8’ centers or equivalent. The plan is to continue West from the current wall location. Completion of this project should be no later than June 1, 2025

Quotes must be at Umatilla County Public Works, 3920 Westgate. Pendleton, Oregon, no later than 4 P.M. on April 8, 2025.

Successful bidder to execute written contract within 10 days of notification of award. Any bid shall be for a set fee based on cost per yard. Fee shall include all costs for work with no additional charges or contingencies.

If you have any questions regarding this project or would like to make arrangements to inspect the site, please feel free to contact Tom Fellows or Brian Johnson at Umatilla County Public Works Department office at 541 278-5424 Monday thru Thursday between the hours of 6:30 AM to 5:00 PM.

Thank you for your interest and participation.

Tom Fellows

Umatilla County

Public Works Director
