

CERTIFIED RECORD OF LAND CORNER MONUMENTATION

T 2N, R 32E. , W.M.

Corner Code No. J-23

Note: Monument marked as shown below

History of original corner establishment:

This corner was originally established by Daniel Chaplin, U.S. Deputy Surveyor, under Contract No. 107, dated September 21, 1864.

Z. F. Moody, U.S. Deputy Surveyor, under Contract No. 164, dated October 4, 1871, established a new corner. The Moody corner superceded the corner established by Daniel Chaplin.

Currin and Noland, U.S. Deputy Surveyors, under Special Contract dated May 4, 1887, failed to recover Moody's corner and re-established the corner based on Moody's survey.

I find no record of recovery or use of this corner in recent years.

Corner No.
Compass Declination: 18.0

Description of corner evidence found:

None. Corner was re-established by single proportion measurement between the recovered Southwest and Southeast corners of Section 12, using record by Currin and Noland.

The corner falls at the toe of a road fill at a right angle turn in the road.

The entire corner area has been disturbed by road construction.

Description of monument and accessories I established to perpetuate the original location of this corner:

At the position of the re-established corner, set a 2 1/2" brass cap on a 1 1/4" by 30" galvanized iron pipe, 24" in the ground and surrounded with a mound of earth and stone.

Set steel fence post 2' West of corner and attached witness corner sign.

Reference the corner monument as follows:

A 5/8" by 30" iron pin bears S 56° E 41.08'. Set steel fence post near reference monument.

A brass washer in the East side of a railroad tie gate post, 1' above ground, bears S 9° E 28.81'.

A brass washer nailed to the West side of a railroad tie fence corner, 1' above ground, bears S 25° W 31.27'.

The base of the 4th steel fence post South of a fence corner bears S 9° W 74.1'.

Attached bearing object signs to each of the reference monuments.
